

CULTO®

AO BACALHAU

Culto - cul.to'kultu

n.m.

1. idolatry, praise, or tribute;
2. respect or veneration that is devoted to something or someone; adoration;
3. intense love.

Culto ao Bacalhau is a specialty restaurant.

The minimalist and sober space reveals the Nordic origin of salted cod that despite having come from so far away transcends its gastronomic value, and due to its relevance is considered an icon of the Portuguese identity.

On our menu you will find traditional Portuguese dishes which tell the story of fierce and irreverent people who converted the fame of an ill-fated fish into a prime ingredient.

Sail with us on this tribute journey to salted cod and take with you unforgettable moments and a story to tell.

Rui Martins

Chef Executivo | Executive Chef Culto ao Bacalhau
